

JICA Kusanone Technical Cooperation Project Report
2 – 15 December, 2023

We visited the five targeted CBCCs in December 2023 to introduce new activities and monitoring management and daily activities in CBCC.

1. Introducing health check (Measure height, weight, head circumference, chest circumference, and Mid-upper arm circumference (MUAC))

Height

Weight

Head

Chest

Arm

2. Monitoring the targeted CBCCs

MA CBCC

Facility

Free time

Land for building new facility

CH CBCC

Break time

Discussion with community

KA CBCC

Facility

Activity

Discussion with community

Cooking porridge

Constructing under five clinic

Land for primary school

TI CBCC

First daily activity

Understand objects

Conducting health check

TII CBCC

First activity

Activity for three years old

Activity for four years old

Providing porridge

Conduct health check
